No. MCL/SBP/GM/S&M/RAIL\_OPRN/2011/2700

Dt.22.12.2011

---

**NOTICE**

Reproduced below the guideline issued by CGM(S&M), CIL vide Office Order no.CIL/CMO/SO/47252(New Pol)/440, dtd.16.04.2009 regarding issuance of consent for loading of the residual quantity by rail in the 4<sup>th</sup> Qtr. under FSA.

**Quote**

If at the end of a quarter, any residual quantity is left due to inability to form a rake, being fraction of a rake, it would be carried over to the next quarter for the purpose of rake formation. If at the end of 4<sup>th</sup> quarter, the residual quantity is 0.5 fraction or more of the standard rake quantity, it would be rounded off to a rake and if the residual quantity is less than 0.5 fraction of the standard rake quantity, it shall lapse. In the event due to rounding off of the fractional quantity to a full rake, the quantity to be supplied exceeds the ACQ, then the quantity in excess of ACQ shall be deducted/adjusted from the ACQ of the following year. This shall be applicable as an additional facility to parties having FSA with coal companies excuted based on A,B,C model FSA.

**Unquote**

In view of the above, the interested consumers having FSA with MCL may apply for rounding off the residual quantity of 0.5 fraction or more of the standard rake quantity at the end of 4<sup>th</sup> Qtr. of the financial year. However, MCL will deduct/adjust the excess quantity, which will be taken for such rounding off from the ACQ of the following year as per the above guideline issued by CIL. In absence of any specific request from the consumers, the residual fractional quantity to a full rake at the end of 4<sup>th</sup> Qtr. will be treated as lapsed.

This is for the information of all concerned.
