Sub:- Removal of "Remarks" Column in General Technical Evaluation in e-Procurement

Dear Sir,

As per feedbacks received from different users departments and further discussed with all the HoDs of user departments it was unanimously opined that the "Remarks" column in the General Technical Evaluation(GTE) page should be removed as sometimes it is creating problem in online evaluation. NIC has been requested to remove the Remarks column from the software.

However, the NITs of different departments needs to be modified for incorporating this change and wherever it is mentioned in the NITs to furnish some information in the Remarks Column should be deleted. GTE items are also to be modified suitably.

The matter was put up to D(T/P&P)/D(F)/CMD and it has been approved that the user departments viz. Purchase, Civil, TC, CMC,E&M, Administration, System and E&T shall modify their Standard NITs to this effect with a circulation to all concern to implement the removal of Remarks Column from GTE in eProcurement. If required, the user departments may take necessary assistance in redrafting the clauses from eProcurement Cell. Matter may please be treated as urgent and important."

Thanking You

Yours faithfully

7.4.2011

(S.K.Bhanja)

Project Manager(e-Procurement)
